

**NATIVE GROUND**

**1** Find an artifact that is used to catch salmon. Write or draw it below.

Find an artifact that is made of cedar. Write or draw it below.

Find something used to travel on water. Write or draw it below.

**GETTING STARTED**

**2** Play a game of “I Spy” with your team! Here’s how to play:

- Take turns being the spymaster.
- The spymaster **silently** chooses an object in the room, then gives everyone else one descriptive clue at a time using the sentence starter, “I spy something...\_\_\_\_\_”.
- After each new clue is given, everyone else has a chance to guess which object the spymaster picked. Keep giving clues until the object has been figured out!

When an object has been guessed correctly, take a closer look at it together to discover what it is.

**HIGH HOPES**

**3** Look around the room - what are two examples of natural resources transported out of Washington state by railroad?

**GOLD RUSH!**

**4** Plan your trip to the Klondike! What three things in this room would you most want to bring with you as a gold miner traveling to Alaska? List or sketch below.

**SEATTLE BY DESIGN**

**5** Find the 3D terrain map of Seattle.  
What are two ways the Seattle landscape has been changed or altered?

**CHANGES**

8 Choose a photo of people that you think is interesting. Take a close look at all of the details for 30 seconds. How would you answer the following questions based on what you notice?

The question	My answer	My evidence (I think this because...)
Who do you see?		
Where are they?		
What are they doing?		

**TECH CITY**

9 This section, from the dialysis machine to the Amazon display, shows several medical and technological innovations from this region. Which one do you think is the best idea? Why?

**WORLD CITY**

10 Find this area and play a round of charades with your team!  
Take turns silently acting out one of the activities you see on display and see if everyone else can guess which one you picked.
